Action Request to Board of Commissioners

Meeting Date: November 16, 2023

Department: Administration

Submitted By: Jeremy Scott, Administrator

Agenda Item: Barnes Park – Torch Lake Township Communication

1. Action Request/Suggested Motion

Should the County decide to add campsites or otherwise expand Barnes Park Campground in the future, it will seek Township approval prior to undertaking any addition of campsites or expansion of the campground.

2. Background and Current Situation – Concisely include pertinent facts, dates, etc.

The township supervisor, in our back and forth communications, has expressed that a statement from the Board of Commissioners would be necessary for the township board to be satisfied with the County's intentions. I have gone back and forth with our legal counsel and the supervisor to establish the statement above.

3. Goal – Why the action is necessary; What is the specific target or outcome desired?

To prove the County's intentions of working with the township when it comes to future expansion of Barnes Park Campground.

4. Financial – Budget-related information

N/A

5. Legal Review

This has been established in conjunction with legal counsel.

6. Policy Implications

N/A

7. Plan – Timeline with who, what, where, and how

We will provide minutes to the township supervisor when they become available.

8. Alternative Plan – What are the implications if failure to approve?

9. Attachments Included
