

Torch Lake Township COMMUNITY OPEN HOUSE

Torch Lake Township is in the process of updating its Master Plan, a document that will guide what the future looks like in the Township. The Township is hosting a **community open house** to gather residents' input.

Come at any time during the open house – you may stay for the whole event or a few minutes, whatever works with your schedule! All are welcome to attend.

Please join us to provide input on the Master Plan, to learn what is happening in Torch Lake Township, and to ask questions. We look forward to seeing you!
